BOOK SYNOPSIS

In *Acid Trip*, Michael Harlan Turkell takes readers on a fascinating journey through the world of vinegar. An avid maker of vinegars at home, Turkell traveled throughout North America, France, Italy, Austria, and Japan, to learn about vinegar-making practices in places where the art has evolved over centuries. This richly narrated cookbook details methods for making vinegar with bases as varied as wine, rice, apple cider, and honey. Turkell has also gathered vinegar-inflected insights and recipes from leading chefs, including Daniel Boulud, Barbara Lynch, Michael Anthony, April Bloomfield, Massimo Bottura, and Sean Brock, and provides his own recipes for deliciously creative dishes. Featuring lush color photographs taken by Turkell, *Acid Trip* is a captivating story and an indispensable reference for any food lover who aspires to make or cook with the best ingredients.
